## Digi-Key Electronics

Headquartered in Thief River Falls, Minnesota, USA, Digi-Key is one of the fastest growing distributors of electronic components in the world. Founded in 1972. Today Digi-Key offers

the world's largest selection of electronic components in stock and available for immediate shipment. From prototype to production, we are here to fuel innovation all over the world. We are proud to be highly recognized as the leader for:

- **Availability of Products**
- **On time Delivery**
- **Overall Performance**
- **Engineer-Friendly Website**

<https://www.digikey.com/en/supplier-centers>

**Digi-Key is an authorized distributor of electronics components for more than 1,500 industry-leading suppliers.**

This means Digi-Key customers can rest assured that the product they order is authentic and comes to Digi-Key directly from the manufacturer.

Having so many products in stock in our expandable distribution space of more than 700,000 square feet (65,032 square meters).

**Allows us to ship 99% of all orders the same day they are placed. On average, Digi-Key ships nearly 18,000 orders per day.**

In 1997. First international website launched (Canada). Digi-Key now has 44 local websites, translated into 16 languages, with 26 currencies being accepted.

In 2018. Digi-Key breaks ground on 2.2 million square foot Product Distribution Center expansion. First package from new facility is projected to ship in mid-late 2021.

In an effort to educate customers and significantly decrease the amount of counterfeit product on the market, Digi-Key gained membership in ECIA (Electronic Components Industry Association) in North America, ECSN (Electronic Component Supply Network) in the United Kingdom, and CEDA (China Electronics Distributor Alliance) in China.

Quality is a crucial parameter which differentiates Digi-Key from our competitors. As a result, we are continuously challenged to improve all aspects of our business throughout our supply chain. In addition to working with our external suppliers and customers, our internal teams have adapted a culture of Continuous

Improvement to ensure our products and processes adhere to all government and industry standards and regulations.

**ISO 9001:2015 Certified**
